

# Affordable, Versatile Automatic Guided Vehicle Systems Focused on the User

Providing superior AGV systems for over 65 years is what we do, because it's ALL we do.

## Savant's Automatic Guided Vehicle Systems Feature:

- **Tape/Target-Free AGV 'Virtual Path' Navigation** for Zero Path Maintenance & Quick Change Flexibility
- **Universal-Use, Common Chassis AGV** with Configured with Separate Load Handling Attachments
- **Graphical PC Program for Path Configuration, Operational Modeling & Control** eliminates Software Coding

### Tunnel Under Cart or Tote Pick/Drop Operation

### Powered Roller, Chain or Belt

### Floor Lift

### Indexed & Continuous Moving Assembly Lines

### Towing Strings of Dollies, Carts, Trailers
